REQUEST FOR WITHDRAWAL OF HOLDING OF ABANDONMENT

Sir:

In response to the Notice of Abandonment mailed February 6, 2004 (copy enclosed), Applicant respectfully requests reconsideration and petitions under 37 C.F.R. § 1.181(a) from the Initial Patent Examination Division's holding of abandonment of the above-identified application.

The Notice of Abandonment indicates that the application has been held abandoned for alleged failure to reply to the notice to file missing parts mailed March 6, 2002--i.e., the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures dated March 6, 2002. On March 25, 2002, however, Applicant filed a Response to Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, as evidenced by: (i) the enclosed copy of the four-page

Response dated March 25, 2002, which includes a certificate of facsimile transmission and a copy of the formalities letter; (ii) a job status report dated March 25, 2002, confirming transmission of four pages; and (iii) an auto-reply facsimile transmission from the USPTO showing receipt of four pages on March 25, 2002.

As shown by the accompanying documentary evidence, Applicant timely submitted a complete response to the notice of March 6, 2002. Consequently, the holding of abandonment is in error and should be withdrawn.

Respectfully submitted,

Date: February 23, 2004
